OUR PRIORITY

We love to keep our clients on priority and do not say “goodbye” to our clients after the deal.

To increase the number of sales we listen to your clients. For this very purpose, Luxsquare Real Estate Company has trained all the area specialists. They receive feedback from the client starting from show tours. We are extremely interested in what you think of our broker's attitude or what impressions you have of the real estate of your choice.

After signing the deal we wish you good luck and from now on the client is fully supported by our team and for the off-plan properties we provide a report on a monthly basis and receive actual reports on the construction stages of the selected property. For those who have taken out a mortgage with us, we offer refinancing in case of lower bank rates. For clients who want to sell an apartment bought with us for investment opportunity, there is a marketing department that specifically advertises and sells investment lots.

TRAINING FOR BROKERS

Before joining the Luxsquare team, a real estate agent undertakes 3 stages of performance evaluation. If a newcomer is hired there's a 2 week education program in our Corporate Academy. We coach on corporate standards of communications, ethics, customer service, request withdrawals, show tours, rules of developer engagement, etc.

After the main session is completed there's an assessment fulfilled by a supervisor to check the knowledge of the Company standards. According to its results, the training course participant is transferred to the next module of the project study which also ends with a knowledge review.
